THE BONSAI SHOW

WOOD & STONE

From Mini to Mighty

Explore our winter Garden to find full-sized versions of *bonsai* miniatures. Write down their names from the labels and return to the Shop for a prize.

Please note that many trees are now defoliated for the season, revealing their winter silhouettes. Take a moment to appreciate the sculptural forms and intricate bark textures they display during this time.

See if you can find all 10 trees across 7 different species!
