Garden Gala 2026 Sponsorship

Join us on Saturday, October 3, for Sonoma Botanical Garden's *Garden Gala*, our premier annual fundraising event set amid the beauty of the Garden in early fall. This unforgettable evening brings together friends and supporters for a seasonal harvest dinner curated by award-winning chef Ari Weiswasser, paired with exceptional wines from Landmark Vineyards. Sponsorships, tables, and individual tickets directly support the Garden's Activation Fund, which fuels exhibitions, educational tours, live music, and family programs that enrich our community year-round in support of our world-class botanical collection. We are grateful for your support and look forward to celebrating with you in the Garden.
